CONFIRM YOUR AFFILIATION(S)

You may be asked to add or confirm the affiliation(s) you entered during submission.

Open Access Discount

This institution has an agreement with Wiley and the article is eligible for open access at a discounted APC.

Please specify your affiliations for this article

Correctly declaring your affiliations helps us determine if your institution can cover your open access Article Publication Charge (APC). This will not affect any information in the published article.

- Do not include any of your co-authors' affiliations
- When searching for your affiliation, select your institution only; do not include a department, office, or other subdivision (e.g., enter "University of Oxford" and not "University of Oxford Department of Economics")
