☑ **Manage your post-acceptance experience in Author Services, including:**
- **Choose open access**
- **Sign your copyright license**
- **Track your article**

☑ **Accurately review and return your article proof as quickly as possible – to ensure prompt publication**

☑ **Use the 'Share your content freely' link in your Author Services dashboard to share a read-only version of your work**

2*: Some titles carry out typesetting before article proof stage; some titles include an Editor review of the author proof.
3*: Publication times may vary by journal. Not all journals publish a print version of the article.
Note: Online publication is considered the final version of record. It carries an online publication date, and is fully shareable and citable.
