

Bring your research to life with **Video Abstracts**

How Video Abstracts can **maximize the impact** of your work

“I hope in [the] near future video abstracts will become [a] very important tool for non-chemists to understand the importance of the chemistry work.

I definitely appreciate the initiation of this method of abstracting the scientific results.”

Prof. Dr. D. B. Ramachary
European Journal of Organic Chemistry

QUALITY

- Videos are produced by specialists from top U.S. research universities
- Professional-level animation

VISIBILITY

- Videos published on multiple online platforms such as Vimeo and Brightcove
- Research Square study found that articles with a video abstract received 29% more article views than matched papers without a video abstract

REACH

- Videos aimed at a broad, educated audience
- Tagged with keywords and description
- Linked back to article

PROMOTE

- Post on social media
- Present at conferences
- Share with colleagues
